Art's gotta be sturdy. All paintings and sculptures in museums around the world wouldn't be what they were if they blew away like dust in the wind. Same with any company logo. The most successful logos are the ones that look like you could smash some pumpkins if you swung'em around. That, or bear the great emotional burdens that life places on our undeserving shoulders. Truly, it is up to you.

Whether you wish to evoke great feelings of awe and grandeur or deep sadness and melancholy, your ideas will assuredly last the ages with EA Creations, LLC.
